

# Right Out Of My Head

Boz Scaggs

Are there directions to these things  
Is this my life or just some scheme

There's a message by the phone  
I knew somehow you'd be there

But if I get that busy tone  
It's just like being nowhere  
And I go falling again

Right out of my head  
You keep coming true to me  
Right out of my head  
I knew that you'd come through for me

Games of the heart are played by fools  
But baby your heart don't know no rules

Well I get the picture  
I get it through your laughter

And I get the feeling  
You know just what you're after  
You do it again and again and again and again

Right out of my head  
You keep coming true to me  
Right out of my head  
I knew that you'd come through for me

Right out of my head  
I've got to have you near to me  
Right out of my head  
It's never been so clear to me

Sometimes one gets the notion  
He's living out his own fantasy  
Now I've got the notion  
That it's you and me

Come on baby lets go outside  
I think we're going for a very long long long ride

I'm burning in the night  
Racing through the fine lines

Through the fires light  
I know that you'll be waiting  
I'm falling again and again and again and again and again

Right out of my head  
You keep coming true to me  
Right out of my head  
I knew that you'd come through for me

Right out of my head  
You keep coming true to me

Right out of my head  
I knew that you'd come through for me
