

You Got Me Cryin'

Boz Scaggs

I've got a little girl
And when she holds me in her arms its out of this world
She helps keep that world
She's gotten me cryin' a valley of tears
You know who they are, because you know how I feel
You got me cryin', oh yeah, you know who you/they are

Now now you know darling, that you thrill me so
I'm telling you honey, you don't have to go
You gotten me cryin' a valley of tears
You know who they, are because you know how I feel
You gotten me cryin', oh yeah, all the way home

And now you know darling, that you thrill me so
I'm telling you honey, you don't have to go
You gotten me cryin', a valley of tears
You know who they are, because you know how I feel
You gotten me cryin', oh yeah, all the way home
