

You'll Never Know

Boz Scaggs

Sooner or later you're coming thru that door
You've heard it before
Love me or leave me
I'm on your side
But the way you leave me hanging on the line
Is driving me crazy

You'll never know how much I miss you baby
It's hard to show how much I care I really care

Something inside me says that I ought to be blunt
Tell you up front
Darling I need you here by my side
But until I feel its a two way deal
We'll just keep faking

You'll never know how much I miss you baby
It's hard to show how much I care I really care

But the way you leave me hanging on the line
Is driving me crazy
It's about time that you knew baby babe
Girl I am lost without you

You'll never know how much I miss you
Its hard to show how much I care, I really care
You'll never know how much I miss you in my life
Its hard to show how much I care I really care

You'll never know how much I miss you
I miss you I miss you girl
Its hard to show how much I care
