

## You Make It So Hard (To Say No)

Boz Scaggs

I have had my eyes on you  
Oh since the day  
I learned to laugh at myself  
Caught you laughing too

Then you went your way  
Oh and I went mine  
Its strange that in another place  
That joke should hit me in my face

But you oh you make it so hard baby  
To say no no no oh  
You yes you baby  
Make it so hard to say no no no no

All that glitters is not gold  
Just like good jokes get old  
That spark that makes you think of me  
Don't make things like they used to be

You might say that I have changed  
Its just that things are rearranged  
And as I once looked out for you  
Now its your turn to see me through

Cos you oh baby you make it so hard girl  
To say hey no no no no  
You oh baby you make it sooo hard  
To say no no no no

You know I tried to get you out of my mind  
But now I'm to the point I find  
I just can't leave and not have kissed you  
You know I could never resist you

Cos you oh you make it so hard  
To say no no no no  
You oh you're making it so hard baby  
To say no oh to say no no no no  
You are making it so hard
