

# Love

Bracia

What's that feeling in the air?  
It seems to be just everywhere  
Someone put the spell on me  
But there's no one I can see

Ref.

Love, is got me waiting for the sunrise  
Love, gets me high and makes me smile  
Love, all the people feeling alright  
Love, love, love...

Heaven knows what it's all about  
It makes me wanna, scream and shout  
Sounds like music in my head  
Oh, I got the feeling I've never had, come on...

Hey man, did you hear what I said?  
You gotta choose between the love and hat!  
It's a moment that you gotta look at my face  
My face!

Ref.

Love, is got me waiting for the sunrise  
Love, gets me high and makes me smile  
Love, all the people feeling alright  
Love, love, love...

Love, is got me waiting for the sunrise  
Love, gets me high and makes me smile  
Love, all the people feeling alright  
Love, love, love...

Love, gives you power to be stronger  
Love, is a neverending smile  
Love, you don't want it to be over  
Love, love, love!
