Green Apples

Bracket

I really don't like the taste
Of all those green apples
They don't seem to go away
I am tired of seeing
All of those green apples
I run into everyday

They are the cause of my troubles and pain They are the reason for the wind and rain I wish they all were dead Why can't I just paint them red

I really don't like the taste
Of all those green apples
They don't seem to go away
I am tired of seeing
All of those green apples
I run into everyday

They are the cause of my troubles and pain They are the reason for the wind and rain I wish they all were dead Why can't I just paint them red
