

Skanky Love Song

Bracket

And I don't wanna go (3x)
And I don't want you to turn and run away

And I don't wanna die (3x)
And I don't want to have to live this way

The times that you have left me
Standing on my own
Without you I've got no one
I wish that you would just be
With me when I'm alone
Lord, please don't say that we are done

And I don't wanna know (3x)
And I don't want to find out where you have been
And I don't wanna lie (3x)
And I don't want you to go back to him

The times that you have left me
Standing on my own
Without you I've got no one

I wish that you would just be
With me when I'm alone
Lord, please don't say that we are done

Why don't you think about it
Let's give it a try
You said you never would quit
I don't know why
Yeah-ehee-yeah-yeah...

And I don't wanna die (3x)
And I don't want to have to live this way

The times that you have left me
Standing on my own
Without you I've got no one

I wish that you would just be
With me when I'm alone
Lord, please don't say that we are done
