

# It Did

Brad Paisley

A single red rose and a table for two  
A nice chardonay and an ocean view  
Ships comin in and stars comin out  
We sat and we talked till the place closed down  
Then we took a long walk down on the beach  
Her in that white dress and her bare feet  
We stopped and we watched the lighthouse light  
And pulled her close and i held on tight  
And i said to myself  
It doesnt get better than this  
No it doesnt get better than this

And it did  
It did  
Whoa it did

Fastforward to that next spring  
We were lookin for a preacher  
Pickin out rings  
Family comin in and friends comin out  
To that white church on the outskirts of town  
Me in that tux fightin butterflies  
Tears of joy in the mommas eyes  
Her daddy walkin her down the aisle  
He lifted that veil and i saw that smile  
And i said  
To myself  
It doesnt get better than this

No it doesnt get better than this

But it did  
It did  
Oh it did

Just when i start thinkin its as good as it can get  
This crazy life does somethin just to let me know  
I haven't seen anything yet

Nine months later nearly to the day  
There we were flyin down the interstate  
Car weavin in and car weavin out  
Through traffic runnin every red light in town  
Delivery room and the doctor comes in  
I'm right beside and shes squeezin my hand  
One more push and a baby cries  
Sweet little angel with his momma's eyes  
And i said  
To myself  
It doesnt get better than this  
No it doesnt get better than this

But it did  
It did  
Oh it did  
Yes it did
