

Ain't gotta have everything in your life
Goin' exactly right, to party!
Maybe the opposite things are a mess
And that's the best time to burn it down!
You look around here and you see all these people
You think their lives are perfect, ha, hardly.
Now I don't have all the answers
But I'll tell you the one thing I've found.

You take it all with a grain of salt
And realize sometimes it ain't your fault
You got something you don't wanna remember
That's when you need to just throw it in a blender
And have a good time
Now add tequila!
When life gives you limes
You make margaritas!

Now I don't know if you're the type
That sees the glass as half full or half empty.
I got an idea, how 'bout I never let ya get that low.
Whatever is done is done, the night is young
Let's have some fun - are you with me?
Gotta forget the sh*t that hit the fan
The only way that I know.

You take it all with a grain of salt
And realize sometimes it ain't your fault
You got something you don't wanna remember
That's when you need to just throw it in a blender
And have a good time
Now add tequila!
When life gives you limes
You make margaritas!

Have a good time
Now add tequila!
You're gonna be
You're gonna be just fine!
When life gives you limes
You make margaritas!
