

Me and Jesus

Brad Paisley

I knew a man, that once was a sinner
I knew a man, that once was a drunk
I knew a man, that once was a loser
He went out in the woods and made an altar out of a stump

And me and Jesus got our own thing going
Me and Jesus got it all worked out
Me and Jesus got our own thing going
And we don't need anybody to tell us what it's all about

We can't afford no fancy preaching
We can't afford no fancy church
We can't afford no fancy singing
But don't you know God's got a lot of good people out doing his
work

And me and Jesus got our own thing going
Me and Jesus got it all worked out
Me and Jesus got our own thing going
And we don't need anybody to tell us what it's all about

Me and Jesus got our own thing going
Me and Jesus got it all worked out
Me and Jesus got our own thing going
And we don't need anybody to tell us what it's all about
