

Then

Brad Paisley

I remember trying not to stare
The night that I first met you
You had me mesmerized
And three weeks later
In the front porch light
Taking 45 minutes to kiss goodnight
I hadn't told you yet
I thought I loved you then

Now you're my whole life
Now you're my whole world
I just can't believe
The way I feel about you girl
Like a river meets the sea
Stronger than its ever been
We've come so far since that day
And I thought I loved you then

I remember taking you back
To right where I first met you
You were so surprised
There were people around
But I didn't care
I got down on one knee right there
And once again
I thought I loved you then

Now you're my whole life
Now you're my whole world
I just can't believe
The way I feel about you girl
Like a river meets the sea
Stronger than its ever been
We've come so far since that day
And I thought I loved you then

I can just see you
With a baby on the way
I can just see you
When your hair is turning grey
What I can't see
Is how I'm ever gonna love you more
But I've said that before

Now you're my whole life
Now you're my whole world
I just can't believe
The way I feel about you girl
We'll look back someday
At this moment that we're in
And I'll look at you and say
And I thought I loved you then

And I thought I loved you then
