

# This Is Country Music

Brad Paisley

Songwriters: Chris Du Bois;Brad Paisley

You're not supposed to say  
The word cancer in a song  
And tellin' folks Jesus is the answer  
Can rub 'em wrong

It ain't hip to sing about tractors, trucks  
Little towns and mama  
Yeah that might be true  
But this is country music and we do

Well, you like to drink a cold one  
On the weekend and get a little loud  
Do you wanna say I'm sorry or I love ya  
But you don't know how?

Do you wish somebody had the nerve  
To tell that stupid boss of yours  
To shove it next time he yells at you?  
Well, this is country music, and we do

So turn it on, turn it up and sing along  
This is real, this is your life in a song  
Yeah this is country music

Are you haunted by the echo of your mother  
On the phone?  
Cryin' as she tells you that  
Your brother is not coming home?

And if there's anyone that still  
Has pride and the memory of those  
That died defending the old red, white and blue  
This is country music and we do

So turn it on, turn it up and sing along  
This is real, this is your life in a song  
Just like a road that takes you home  
Yeah this is right where you belong

This is country music
