

## You Have That Effect on Me

Brad Paisley

Every morning the last couple of weeks  
In between shaving and brushing my teeth  
I'd lean on the sink and practice my lines  
By now you would think they'd be memorized

But leave it to me to come all this way  
Get down on one knee, forget what to say  
I'm at a loss, should have known this is how it would be  
'Cause you have that effect on me

I must admit I still don't understand  
Why I lose my head holding your hand  
There's no explanation, no simple excuse  
For this intoxication I feel around you

And now truth be known since I've met you, girl  
I've been walkin' around in my own little world  
One look in my eyes, oh, and darlin' any fool could see  
That you have that effect on me

You've had your eyes on a two carat ring  
I finally went out and I bought it  
Right now it's at home sittin' on my TV  
Would you believe I forgot it

Oh, but you can't blame me, 'cause it's plain to see  
That you have that effect on me  
Yeah, you have that effect on me  
Girl, you have that effect on me
