

# Never Get Out

Brad Sucks

Brad's all full of crap.

Note twisted to the max I'm,  
In the middle of a charming second.  
I'm in change with the tune of action,  
All I wanted was a little reaction.

Don't be hanging around my friend.  
I said I'm, all twisted up in wires.  
And even though you know it's best,  
You never get out - you never get out.

So strange when you're out confessin,  
In the trench with the impressin.  
I never wanted to learn my lesson,  
All I wanted was a little attention.

Don't be hanging around my friend.  
I said I'm, all twisted up in wires.  
And even though you know it's best,  
You never get out - you never get out.

Don't be hanging around my friend.  
I said I'm, all twisted up in wires.  
And even though you know it's best,  
You never get out - you never get out.
