

# Sick As A Dog

Brad Sucks

Taken out and beaten down and,  
Covered up and down with cement.  
Sayin hello, on the down low,  
Religions and guns and ammo.

In my mind I made my mind up.  
I don't mean to take your time up.  
In my heart I know the real trick.  
Baby I know that you make me sick.  
(Sick, sick)  
Sick as a dog.  
(Dog, dog)  
Don't get me wrong,  
But I'm sick as a dog.  
(Sick as a dog)

Got a fever, she believe her,  
Medicine makes people evil.  
Taking lessons, smith and wesson,  
Messin up with people's heads and.

In my mind I made my mind up.  
I don't mean to take your time up.  
In my heart I know the real trick.  
Baby I know that you make me sick.  
(Sick, sick)  
Sick as a dog.  
(Dog, dog)  
Don't get me wrong,  
But I'm sick as a dog.  
(Sick as a dog)

When my heart takes a turn to dress yourself the worst,  
Maybe I, I can find a friend that don't know exactly  
where it hurts,  
But I just try try try to be the best animal I can,  
Baby doll enemies and birds and bees and then, I turn  
back again.

And I'm sick  
(Sick, sick)  
Sick as a dog.  
(Dog, dog)  
Don't get me wrong,  
But I'm sick as a dog.  
(Sick as a dog)

You make me sick.  
(Sick, sick)  
Sick as a dog.  
(Dog, dog)  
Don't get me wrong,  
But I'm sick as a dog.  
(Sick as a dog)
