

Funeral Song

Brad

This funeral song's for you.
This funeral song,
This funeral song's for you.
This funeral song I sing.
This funeral song,
This funeral song's for you,
And it's all that I'm gonna do.
This parlor where you lay,
This place of cold decay.
Who'll be the one to pay?
'cause it's all that I'm gonna do,
'cause this is all that I'm gonna do.
Lord knows that I'm as tired as you,
But who'll be my friend?
And I know that winds
Are pushing one down.
What's in the way we've been,
That's left my love paper thin?
Was it there to begin with?
This funeral song's for you,
This funeral song...
