

I Don't Know

Brad

No one knows how long we're gonna be here.
No one knows how long until we die.
No one knows but maybe that's familiar.
See'mon now and just give it a try.
I don't know where you've come from.

I don't know where you've been.
I don't know who to believe now.
I don't know who's my friend.
When we hear the thunder and the lightning.

When we hear the falling of the trees.
When we see that we have all been foolish.
We should have listened closer and believed.
I don't know where you've come from.

I don't know where you've been.
I don't know who to believe now.
I don't know who's my friend.
