Yeah, I'm all over this
I'm out of obsession
Over I'll see
I swear, I swear
I'm out on a mission
Don't worry me with "no better"
It's a lie
I swear, I swear
What's the damage

I can't take any more
Where's the ocean or place to die
Better hands than mine willing to share
Yeah, I'm all over this

I'm into the shelter
My mind is scarred with my name
I swear
Na, na, na, na, na...
