

Shinin'

Brad

Looking out for your way of life
Looking out for your way of love
Walking tall, in the light
Moving forward with time to kill
Moving forward was such a thrill
Who's to say if we ever make it home alive
'cause the captain's here with all his dice
And you would swear this is paradise
The word on the street is that everybody's in the mood
The four on the floor at the sound of dawn
Beating point to the break of dawn
Tell me now, doesn't that sound alright?
Can you all feel the light...shining?
Shining, shining...
(? it goes)
Can you all feel the light...shining?
Shining, shining...
(? don't you know)
Everybody's feelin' alright
Living free is the way to be
Living free is our destiny
Don't let anyone tell you any different
'cause man is meant to be whole
Not kicked around, bought, and sold
I'll tell you something now
In the end you'll see
The four on the floor at the sound of dawn
Beating point until the break of dawn
Tell me now, doesn't that sound alright?
Can you all feel the light...shining?
Shining, shining...
(? it goes)
Can you all feel the light...shining?
Shining, shining...
(? don't you know)
Everybody's feelin' alright
Looking out for your way of life
Looking out for your way of love
Looking out for your way of life
Ba-ba-ba-ba-baba..
Ba-ba-ba-ba-baba..
Shining, shining...
Can you all feel the light...shining?
Shining, shining...
Everybody's feeling alright
Shining, shining...
Can you all feel the light...shining?
Shining, shining...
