

# The Day Brings

Brad

Hold up your end  
And I'll hold up mine  
Dancin' all the time  
Dancin' all the time

And too late father  
You know that that's for sure  
You never find a way  
Never find a way  
So gather around

And see what the day brings  
And see what makes you laugh  
And see what makes you sing  
And never, nevermind

The thing that people say  
You'll never go away  
You'll never go away

Who knows where the storm will take us  
Who knows when the pain will break us  
When will all the g's be given  
Another chance to live in freedom

Hey now  
Get your heart, get your heart  
Off of the shelf  
Make the grey sky blue

Yeah, I'm talkin to you  
And nevermind  
The sick and the afraid  
Askin' out today to see a brighter day  
So gather around

And see what the day brings  
And see what makes you laugh  
And see what makes you sing  
And never, nevermind

The thing that people say  
You'll never go away  
You'll never go away

Who knows where the storm will take us  
Who knows when the pain will break us  
When will all the g's be given  
Another chance to live in freedom

So gather around  
And see what the day brings  
And see what makes you laugh  
And see what makes you sing  
And never, nevermind

The thing that people say

You'll never go away  
You'll never go away  
So gather around

And see what the day brings  
See what makes you laugh  
And what makes you sing
