

Eeyore And Easel

Braid

She said typewrite
Sad and all i had
She said circles in squares ain't bad
She said find it
That was all i had
She'd give everything for anything
And all i had i borrowed

You gotta break this yeah
And she'll break me in

Sad paperweight
Sad and all i had
Sad subtleties make her mad
Said drown it
Sad and all i had
She'd give everything for anything
Out of my system

Measure me in love and
I hate you
I miss you
I pity you
Measure me in love and
She wanna?
(well doesn't everybody?)
