

Motion Light

Braid

Action: gravity gives it away
(and proximity)
And when you add electricity
A motion light give it away
Everyone watches as
I do it again
Rain and even sliding glass
I wished times before
Now i hear a door

Hit the floor
I swear i'll stop
If only tonight
I don't stand motionlight
(tristabrand don't tempt me)

I'm in the house
I'm on the couch
I'm speechless in the arms
Of gravity
