watch you sleeping
try hard not to walk away
cause i haven't got anything to say
when you wake
with nothing in our heads
but an idea
of what we should be
(what we could be)

swing closer

catching ourselves
from close up
i think we're the same
and we've met our match

"this is the chandelier swing"

so cover yourself with whatever cover your eyes cause it's not right you say "it's not what it should be" but it could be you know i think a lot like you

swing away

it's not like you had before
when you were two years younger
(my age)
i wait for you
