

# To Kiss A Trumpet Player

Braid

It's so white out today  
I'm missing the blues

So you think He's the best in the whole world?  
You should kiss more,  
Trumpet players girl  
See you sucking the brass cap,  
We'll see who has the last laugh,  
And the trumpet of that man,  
Do a twitch and you can't get past them

I can't take anymore  
I've got to get to the door  
Looking down at the knees  
Too many fake ideas  
I can't hear the band  
I don't know where to stand  
And it's pouring in, and I...  
Will you please kiss me?

On stage the bugle looks so cute  
And the trumpet goes "toot toot toot"

Happy billie holidays  
I feel like history  
And if the visitor's missin' me  
I'm not much of a player  
Kiss kiss kiss me yeah.  
I'm not much of a player  
Kiss kiss kiss me yeah  
I'm not much of a player  
Kiss kiss kiss me yeah  
I'm not much of a player  
Kiss kiss kiss me yeah  
I'm not much of a player.

See us stuck in Nebraska  
And I'll have the last laugh  
Yeah that trumpet man  
I do a twitch and I can get past them.

I can't take anymore  
I've got to get to the door  
Looking down at the knees  
Too many fake ideas  
I think I can't hear the band  
I don't know where to stand  
It's a crazy dream  
As it seems  
Will you please kiss me?

Happy billie holidays  
I feel like history  
And if the visitor's missin' me  
I'm not much of a player  
Kiss kiss kiss me yeah.  
Yeah yeah yeah.
