

# You Stole

Brand New

Last night they said the fire had spread  
And we said our prayers  
And now the flames are burning me in my bed  
But I just don't care

We all go to sleep in the same place  
And in the morning hope that we're all the same  
We sit around like broke down cars in the lot  
Waiting for real pairs

There you go  
There it goes

Well I wish that I was as good as you  
Carrying your trust and  
And I wish that my condition was new  
But I'm old and rusty  
So we just hurry up,  
Wanted to wait  
Add to the list of all the places we hate  
Now pretend like I got something to say  
I've got nothing

Now I know that you stole  
Yeah, you stole  
From the cradles they were robbed in  
It took the first words that they spoke  
Yeah, you stole  
Yeah, you stole

So if I'm a liar and you're a thief,  
At least we both know where the other one sleeps  
So let's end this tonight

You stole  
Yeah, you stole  
From the cradles they were robbed in  
You took the first words that they spoke  
Yeah you stole  
Yeah you stole

So if I'm a liar and you're a thief  
At least we both know where the other one sleeps  
So Let's end this tonight
