

# Gang Bang

Brand Nubian

Well, there's mad gangs, but only one got control  
Wherever they roam, from north pole to south pole  
Ice cold with a vice hold on all crime  
They gettin paid even if they shit is small time  
All your dimes'll get took, yo watch them sling (?) them things  
cause they nothin but a gang of crooks  
Things look like they'll be here for a while  
Momi and Daddy better fear for they chile  
Cause they style is not just makin a fast chickens (?)  
They also into murder and ass kickin  
distortion and kidnappin, the kid is black  
handsome ransome they just get you your kid back  
But either way they gonna make a loot  
If they keep the kid he's gonna do a bit as a prostitute  
Owin freak (?) for some T. A. N. G. (?)  
From six to sixty-six they count us catchin thick (?)  
Shit sticks in your mind  
Make a nigger want to go out and fight crime  
I write rhymes as an answer to they gang size  
If they want to jack your car you can sang mines  
  
Gang bang Gang bang  
Police ain't nothing but a gang number four  
  
Date rapes, got the shakes since the first of the month  
So you gotta play, the cheque cash close (?)  
You know you gotta make up that loss  
So when the cut was butt (?) and the work was dirt  
A whole baggage fucked up ?), you know you're de man.  
You gotta head him off, if you still want the block

So he can look the other way, if he catch you with the glock.  
All de cook up, he might give you the hook up (?).  
So you don't get moves downtown in the tombs  
New gang member, he's a rookie and his wid extortion (?)  
He got a wife and his daughter want to a pony  
his man's a Columbian  
and they both got they hands in the soup  
And you gotta hit off your group  
Niggers to be outside til like four in the mornin  
niggers with the toast so when the gang get too close  
Naw a gang don't play by the rules and they up they demands  
Gotta grease mo hands, gotta get mo work  
Gotta get more weight, gotta stay up late  
And travel out of state, hey fuck the gang fucks nothin  
niggers are bluffin, as they snatch you for the kidnap they don+t even  
show  
Got fucked in the ass, so now who's the hoe  
Gang 88 (?), mo kinds of dicks, don't give a fuck about the brothers,  
As long as they get they cash, News flash  
These kids is the worst, if you see 'em  
Then you better hit em first,  
Don't shoot til you see the whites of they eyes  
Hands and thighs, they might front and sell ya been pies (?)  
Black man, don't trust those lies  
Cause the gangs is a bunch of dicks  
  
Gang bang Gang bang  
Police ain't nothing but a gang number four  
  
This song is dedicated to all the original gangsters out there
