

In the Morrow

Brandi Carlile

I found myself today
I took my cross up and walked away
With amazing grace and open eyes
Even though I'm born to lose my way
Tomorrow comes on a hurricane
When the weight of the world has been on your mind

In the morrow I'll be gone
I gave it everything I had for so long
Save your sorrow for your song
Don't we always find a way to carry on

No one sees it coming
And no one walks when they should've been running
Nothing hurts like knowing you tried
And we can see how years can slip away
In the cold dark nights and the long hard days
But nothing aches quite like goodbye

In the morrow I'll be gone
I gave it everything I had for so long
Save your sorrow for your song
Don't we always find a way to carry on

In the morrow I'll be gone
I gave it everything I had for so long
Save your sorrow for your song
Don't we always find a way

In the morrow I'll be gone
I gave it everything I had for so long
Save your sorrow for your song
Don't we always find a way to carry on
Don't we always find a way to carry on
