I don't mind

If my heart don't beat and

the sun don't shine

They'll get theirs

You'll get yours and I'll get mine

It used to be that everything was easy

Now it's lost and nobody believes me

Am I losing heart Have I frozen it, oh yeah Am I pushing too hard Have I started to forget

I'm alright

Am I made of steel

Am I locked up tight

I'm human

But I'm wide awake and afraid to fight

It used to take nothing to amaze me

But now I'm older and

it doesn't even phase me

Am I losing heart Have I frozen it, oh yeah Am I pushing too hard Have I started to forget

It used to be that everything was easy Now it's lost and nobody believes me

Am I losing heart
Have I frozen it, oh yeah
Am I pushing too hard
Have I started to forget
