## Can't Deny My Love

## **Brandon Flowers**

Open up to the night Our bed is underneath the heavy moon Cast a doubt like a shadow walking Through the corners of the room

I always thought I'd have a full tank to go (But not tonight, you're running low) I always thought I'd find my own way What's going on in your head now Maybe something I said, I know that you've been living in the past What's going on in your head now Maybe something I said now

It's driving me crazy You can try to lie But you're not gonna, not gonna deny No you're not gonna, not gonna deny my love And you can run to the hillside And you can close your eyes But you're not gonna, not gonna deny No you're not gonna, not gonna deny my love You can't deny my love

The eyes of God Watching over us so we don't break the golden rules The seven seas, have we learned Or are we sailing on a ship of fools I always thought I'd have a full tank to go (But not tonight, you're running low) I always thought we'd get there someday

It's driving me crazy And you can try to lie But you're not gonna, not gonna deny No you're not gonna, not gonna deny my love And you can run to the hillside And you can close your eyes But you're not gonna, not gonna deny No you're not gonna, not gonna deny my love You can't deny my love

When you close your eyes, tell me what you see Locked up in your room is there any room for me In the spoils of your mercy, in the reverence of your bed In the cradle of the morning what was it that you said

What's going on in your head now

You're not gonna, not gonna deny No you're not gonna, not gonna deny my love And you can run to the hillside And you can close your eyes But you're not gonna, not gonna deny No you're not gonna, not gonna deny my love You can't deny my love, my love Tištěno z www.txp.cz
