

## Steady Now

Brandon Heath

There's an air everywhere  
Of inconsideration and despair  
I don't consider you and you don't consider me  
And it's well understood that we don't care

You know we don't have to wait until the end of the night  
Just to say that something's wrong and maybe nobody's right  
We're all victims in a battle we never had to fight  
It's okay, it's alright, steady now  
We're in this thing together, we're in this together

I regret that I forget  
Confessions always seem to stay unsaid  
And maybe I worry that you'll forsake me  
Use my shame as a weapon and go on and break me

You know we don't have to wait until the end of the night  
Just to say that something's wrong and maybe nobody's right  
We're all victims in a battle that we never had to fight  
It's okay, it's alright, steady now  
We're in this together

'Cause I want to take the time to say I'm sorry  
I haven't loved you the way I should  
Do you think that you could forgive me?  
Just try to hear me, I, I need you with me now

You know we don't have to wait until the end of the night  
Just to say that something's wrong and maybe nobody's right  
We're all victims in a battle we never had to fight  
It's okay, it's alright

You know we don't have to wait until the end of the night  
Just to say that something's wrong and maybe nobody's right  
We're all victims in a battle we never had to fight  
It's okay, it's alright, steady now  
We're in this together, steady now
