Steady Now

Brandon Heath

There?s an air everywhere
Of inconsideration and despair
I don?t consider you and you don?t consider me
And it?s well understood that we don?t care

You know we don?t have to wait until the end of the night Just to say that something?s wrong and maybe nobody?s right We?re all victims in a battle we never had to fight It?s okay, it?s alright, steady now We?re in this thing together, we?re in this together

I regret that I forget Confessions always seem to stay unsaid And maybe I worry that you?ll forsake me Use my shame as a weapon and go on and break me

You know we don?t have to wait until the end of the night Just to say that something?s wrong and maybe nobody?s right We?re all victims in a battle that we never had to fight It?s okay, it?s alright, steady now We?re in this together

?Cause I want to take the time to say I?m sorry I haven?t loved you the way I should Do you think that you could forgive me?
Just try to hear me, I, I need you with me now

You know we don?t have to wait until the end of the night Just to say that something?s wrong and maybe nobody?s right We?re all victims in a battle we never had to fight It?s okay, it?s alright

You know we don?t have to wait until the end of the night Just to say that something?s wrong and maybe nobody?s right We?re all victims in a battle we never had to fight It?s okay, it?s alright, steady now We?re in this together, steady now
