

# Freeze Frame Time

Brandon Rhyder

## VERSE 1

It's a beautiful morning, to see the sun rise  
It's moments like this that make me wish I could freeze frame time  
I got a hot cup of coffee, gonna watch the world come alive  
Surrounded by nature likens the innocence of a new born child

## CHORUS

Sometimes we laugh, and sometimes we cry  
Some days it's hard to figure out our way in this life  
But it's moments like these that make me wish  
I could freeze frame time.

## VERSE 2

I got a picture in my pocket, of my baby boy  
He's growing up so fast I swear he thinks he can conquer the world  
Just yesterday evening, he come running up to me  
He said he made his momma mad and that she said he was just like me

## CHORUS 2

And I laughed until I cried, all swallowed up with pride  
You should have seen the concern in that little boy's eyes  
Yes it's moments like this that make me wish  
I could freeze frame time

## VERSE 3

You are an angel, you taught me how to fly  
You picked me up when I was down turned me around and you made me fly high  
We're a little bit older now, together we've seen some change  
But I love you more now than I did on that very first day

## CHORUS 3

Sometimes we laugh, and sometimes we cry  
Some days it's hard to figure out our way in this life  
But it's moments like this that make me wish  
Yes it's moments like this that make me wish  
Yes it's moments like this that make me wish  
I could freeze frame time
