

# In The Country

Brandon Rhyder

There's a little place I have found  
Just a few miles outside of this town  
Blacktop two-lane to a red dirt road  
We can lay back and lighten out load  
In the country  
Yeah, yeah in the country

Say goodbye to the big city blues  
Put on a smile and kick off our shoes  
Skinny dip in a lazy stream, yeah  
Sleep like babies, live our dreams  
In the country  
Yeah, yeah in the country

Turn loose, let it go  
Let's get lost and find our souls  
In the country  
Yeah, yeah  
A million stars when the sun goes down  
Come on baby we can go to town  
In the country  
Yeah, yeah in the country

Plant a little kiss, love grows wild  
Watch it spread for miles and miles  
Hey me and you baby, what do you say  
Heaven's no more than a stone's throw away  
In the country  
Yeah, yeah in the country

Turn loose let it go  
Let's get lost and find our souls  
In the country  
Yeah, yeah  
A million stars when the sun goes down  
Come on baby we can go to town  
In the country  
Yeah, yeah in the country

Turn loose let it go  
Let's get lost and find our souls  
In the country  
Yeah, yeah  
A million stars when the sun goes down  
Come on baby we can go to town  
In the country  
Yeah, yeah in the country

There's a little place I have found  
Just a few miles outside of this town  
In the country  
Yeah, yeah in the country  
Yeah, yeah in the country  
Yeah, yeah in the country
