

# Let's Don't Go Down That Road

Brandon Rhyder

Let's don't go down that road  
It's too late to start a fire  
Lay your burdens down  
It don't matter who's wrong or right  
Put your arms around me  
Let me lighten your load  
Think of all the love we'd miss  
We've come too far for this  
Let's don't go down that road

We've had our up and downs  
But we are not the quitting kind  
Every season has it's tolls  
But we've come through everytime

Let's don't go down that road  
It's too late to start a fire  
Lay your burdens down  
It don't matter who's wrong or right  
Put your arms around me  
Let me lighten your load  
Think of all the love we'd miss  
We've come too far for this  
Let's don't go down that road

I can give a little  
You can give a little  
Together we can beat this mean old world

Put your arms around me  
Let me lighten your load  
Think of all the love we'd miss  
We've come too far for this  
Let's don't go down that road  
A little faith will pull us through  
Cause I'm still in love with you  
Let's don't go down that road
