

# Merry Go Round

Brandon Rhyder

## VERSE 1

I got drunk last night on a bottle of wine  
I got to see some old friends, I haven't seen in a really long  
time  
Ain't nothing changed, they still act all just the same  
Just grown up kids, willing to do it all over again

## CHORUS

Cause life ain't nothing but a Merry Go Round  
Pick up a bottle, and we'll pass it around  
Life ain't nothing but a merry go round  
And it never, no it never, slows down

## VERSE 2

Well, I get stoned some nights and I peel back the layers of li  
fe  
Look into my soul to see if anybody's home, if there's any kind  
of light  
To tell you the truth, I hate to be all alone by myself in the  
dark  
I thought this life, was supposed to be a walk in the park

## CHORUS

## VERSE 3

The end of the road, is when they put you six feet in the groun  
d  
The only time in this life, you can ever get off of the merry g  
o round  
I've been here for some thirty years now I know  
Give me thirty more, I want to make a little more of this show

## CHORUS
