I got drunk last night on a bottle of wine

I got to see some old friends, I haven?t seen in a really long time

Aint? nothing changed, they still act all just the same Just grown up kids, willing to do it all over again CHORUS

Cause life ain?t nothing but a Merry Go Round Pick up a bottle, and we?ll pass it around Life ain?t nothing but a merry go round And it never, no it never, slows down VERSE 2

Well, I get stoned some nights and I peel back the layers of li fe

Look into my soul to see if anybody?s home, if there?s any kind of light

To tell you the truth, I hate to be all alone by myself in the dark

I thought this life, was supposed to be a walk in the park ${\tt CHORUS}$

VERSE 3

The end of the road, is when they put you six feet in the groun $\ensuremath{\mathtt{d}}$

The only time in this life, you can ever get off of the merry go round

I?ve been here for some thirty years now I know Give me thirty more, I want to make a little more of this show CHORUS
