Rockin' Chairs

Brantley Gilbert

Now and then I see old timers talkin' All day long relivin' them good ol' days Like it never gets old And it's the same old stories Got me wonderin' if it's going to be us one day Better live this one life we got (oh)

'Cause these are the days That are going to fly by like lightning so they say These are the nights (yeah) The good times that we left the wild side out to play These are the Sunday mornings We talked to the Lord, get right with the man upstairs

Get back to rock it out So we can say we were there When we talk about it In our rockin' chairs

C'mon ya'll we got memories to make Some cold beers to drink And some songs we gotta live out loud Going to be some good hearts breakin' Bunch of mistakes Maybe some day we'll figure it out But right now it's all about Going all the way

These are the days That are going to fly by like lightning so they say These are the nights (yeah) The good times that we left the wild side out to play These are the Sunday mornings We talked to the Lord, get right with the man upstairs

Get back to rock it out So we can say we were there When we talk about it In our rockin' chairs In our rockin' chairs

We gotta crank it up to ten and then some Go way too far Too fast, too hard And have too much fun

These are the days That are going to fly by like lightning, so they say These are the times of our lives We ain't got none to waste

These are the days That are going to fly by like lightning so they say These are the nights (yeah) The good times that we left the wild side out to play These are the Sunday mornings We talked to the Lord, get right with the man upstairs Get back to rock it out So we can say we were there When we talk about it In our rockin' chairs In our rockin' chairs In our rockin' chairs
