

## Panik

Bratmobile

She's the hottest whore in town  
The dominatrrx of my dreams  
I know you think it's cheezy  
But she's so in luv with me  
She wants to play guitar  
And let me suck her blood  
She even likes Duran Duran  
To do it in the mud  
Her name is Panik  
She made me panic  
She's the straightest girl in town  
The one who makes me run  
She'll tell me all about her boy  
Then let me chew her gum  
She'll whisper in my ear  
When there's just no other way  
I'll bing her In the eye  
And then she's like "no way"  
She's the Joanest Jett around  
Like to get her in my bed  
She doesn't need a crown  
So I'll lasso her instead  
Her name is Panik  
She made me panic
