

The Last Time

Bread

Hey, didn't you believe me when I told you I was leaving?
Well, wait a little while and soon you will be believing
I'm telling you now like I told you before
That love has got to be something more
Than a pastime, this is the last time

R: This is the last time that I will say goodbye
You say it doesn't mean a thing
Let's see what the future brings
In the past, I've changed my mind, but
This has got to be the last time

Well, didn't you believe it when I said you don't know how to love me?
You, you never understood that you weren't so high above me
I didn't realize 'til a moment ago
That time doesn't really go this slow
And it's past time, this is the last time

R:

What you gonna do when nights are getting colder, baby?
Where ya gonna go, you know you're getting older, baby?
Guess you're gonna have to be a little bolder, baby

What you gonna do to satisfy your hunger, baby?
Oh, don't it seem that everyone's a-getting younger, baby?
Guess you're gonna have to find yourself another pastime
Judging from the past, I know it won't be the last time

R:
