

Why

Breakbot

I cant live without your love (Your love),
Cause you and me,
Were just like hand in a glove (In a glove),
I know at times,
We both just wanna give up (Give up),
But you know we,
Cant ever get enough (Enough),

So don't ask why?
why? why? why? why? why? why?

Do you do the things you do,
everything you say is true,
cause you believe in me,
girl I believe in you
you know you make me wanna sing
so when I give you everything,
Just don't ask why?
Why?
Do you think I do all this for? (This for),
I'm not the one
Who would ever walk out the door (Out the door),
Ill give you love,
No matter what they say (What they say),
And Ill be the one to take the pain away (away),

Just don't ask why?

Don't waste your time,
trying to ask me why,
cause I ain't got no time for questions,
and if you wanna love,
like I love you,
then girl show me,
and Ill give my love to you.
Just don't ask why?
Why?

Do you do the things you do?
Everything I say is true
Cause you believe in me
Girl I believe in you
You know you make me wanna sing
So when I give you everything,
Just don't ask why?
Cause some things in life,
are better unsaid,
Don't ask why?
And if we go out and wanna paint the town red,
Don't ask why?
You know theres nothing better,
When were both in bed,
Don't ask why?
And when I say something I do what I say,
Don't ask why?

Just take some time and enjoy the ride,

Don't ask why?
