

# Break My Fall

## Breaking Benjamin

You fought me once but not again  
You let me feel your heavy hand  
I will clean your fucking mess  
And leave no trace of evidence

[Chorus:]  
I am losing you again  
Let me out and let me in  
'cause you're not alone here  
Not at all  
Let me belong here  
Break my fall

Shelter me from this again  
Dedicated to the end  
Help me break my conscience in  
To free us from our innocence

[Chorus]

"Mayday, Mayday.  
Requesting permission to land.  
I cannot control the plane.  
We are in danger of crashing"

[Chorus]

[5x]  
Break my fall
