

Bury Me Alive

Breaking Benjamin

I keep falling out of line
I was drained and left behind
All will fade and petrify
Feed the hate and starve the lies
Falling in between, I am caught beneath

Light the way and let me go (suffocate inside)
I will break and watch you crawl
Bury me alive!

I keep falling out of time
I was blamed and cauterized
All will change and calcify
Feed the hate and starve the lies
Falling in between, I am caught beneath

Light the way and let me go (suffocate inside)
I will break and watch you crawl
Bury me alive!

Control!
Lies inside, lies inside

Light the way and let me go (suffocate inside)
I will break and watch you crawl
Bury me alive!
Light the way and let me go (suffocate inside)
I will break and watch you crawl
Bury me alive! Bury me alive!
Bury me alive!
