

## Falling Down

Breaking Point

Don't you lie to me, cause I'm not blind I see the  
Lessons that you teach create the hate in me  
I'm not scared to say that I won't be that way  
We're all the same, but there's always a price to pay  
I don't want to be the one to push you down and pull you up aga  
in  
I don't want to be that way  
You're falling down, you're falling down again  
It's when you speak to me  
'Cause hates not born, you see  
It's pride you scream with bigot eyes too blind to see  
Your frame of mind's outdated  
Narrow opinions faded  
Would you like to meet this monster that you've created  
Don't you lie to me, cause I'm not blind I see  
The lessons you teach create the hate in me  
I'm not scared to say that I won't be that way  
We're all the same  
But there's always a price you pay
