

# Savages

Breathe Carolina

Break out again  
You start to feel  
It's all pretend  
This time is real

Body starts to give in  
Try to keep your eyes open  
This is where you breathe in  
Right now you're one of us

Wolves in our own skin  
We're savages  
We act so primitive  
We're savages  
Do the rain dance  
Like you're on fire  
Like you're on fire  
We're savages

Shape shift begin  
You've lost the fear  
You've found a friend  
You're safe in here

Body starts to give in  
Try to keep your eyes open  
This is where you breathe in  
Right now you're one of us

Wolves in our own skin  
We're savages  
We act so primitive  
We're savages  
Do the rain dance  
Like you're on fire  
Like you're on fire  
We're savages

This is happening  
We are savages  
This is happening  
We are savages

Wolves in our own skin  
We're savages  
We act so primitive  
We're savages  
Do the rain dance  
Like you're on fire  
Like you're on fire  
We're savages

This is happening  
We are savages  
This is happening  
We are savages
