Take Me To Infinity

Breathe Carolina

Take me to infinity
If we could stop time tonight then there would be no goodbye
Take my to infinity
Don't let me go, don't you dare close your eyes

Take me to infinity
Keep the beat between your teeth, it's relentless and real*
Take me to infinty
Take everything, all the time you can steal

And it felt like
Oooh oooh oooh oooh

Take me to infinity
Sparkle and shine, baby light up the sky
Take me to infinity
I'll feel up your soul, in the dark if you're shy

Take me to infinity
Out of control at the speed of this light
Take me to infinity
A never ending kick so we'll never die

And it felt like
Oooh oooh oooh oooh

Take me to infinity
Trust what you feel, cuz your eyes will deceive
Take me to infinity
Come on and melt your body, let your hips hit your knees
