

# Lovestruck

## Breathe Electric

Such a lush that girl  
She knows how to please  
I wanna touch that girl  
She's a luxury  
I get my dance on  
Until I catch that eye  
I won't stop until I access that dress

I paint a perfect picture of what we could be  
A fairytale tell me what's your fantasy  
Unstoppable, so logical  
If it ends with you and me

It's such a rush girl  
Every time we touch girl  
Thought it was a crush but I'm lovestruck  
(Let me see you move the floor)  
It's such a rush girl  
Every time we touch girl  
Started as a crush now I'm lovestruck  
(Bring it to me give me more)

Such a rush that girl  
She knows what I need  
With just a touch  
That girl brings me to my knees  
She's moving left and right  
Got my hypnotized  
I won't stop until I access that dress

I paint a perfect picture of what we could be  
A fairytale tell me what's your fantasy  
Unstoppable, so logical  
If it ends with you and me

It's such a rush girl  
Every time we touch girl  
Thought it was a crush but I'm lovestruck  
(Let me see you move the floor)  
It's such a rush girl  
Every time we touch girl  
Started as a crush now I'm lovestruck  
(Bring it to me give me more)  
It's such a rush girl  
Move your body lose control  
(Let me see you move the floor, bring it to me give me more)  
It's such a rush girl  
Dancing till the music stops  
(Let me see you move the floor, bring it to me give me more)

Don't keep me waiting  
I know you'll be mine  
Loving so lovestruck  
Loving so love  
Don't keep me waiting  
I know you'll be mine  
Loving so lovestruck

Loving so love

It's such a rush girl  
Every time we touch girl  
Thought it was a crush but I'm lovestruck  
(Let me see you move the floor)  
It's such a rush girl  
Every time we touch girl  
Started as a crush now I'm lovestruck  
(Bring it to me give me more)  
It's such a rush girl  
Move your body lose control  
(Let me see you move the floor, bring it to me give me more)  
It's such a rush girl  
Dancing till the music stops  
(Let me see you move the floor, bring it to me give me more)
