

## How Can I Fall

((breathe))

How Can I Fall - Breathe

Give me time to care, the moments here for us to share  
Still my heart is not always there  
What more can I say to you  
Could I lie to you, I'm just too weak to face the truth  
Now I know I should make a move  
What more can I say  
How can I fall, how can I fall  
When you just won't give me reasons  
When you just won't give me reasons at all  
When all faith is gone, I fight myself to carry on  
Yet I know of the harm I do, what more can I say to you  
Now I hold this line, I know the choice to leave is mine  
I can't help what I feel inside  
What more can I say  
How can I fall, how can I fall  
When you just won't give me reasons  
When you just won't give me reasons at all  
I'll follow through, I'll see I do  
When the time is more right for you  
I'll make that move, and when I do  
Will I doubt again, the way I do  
How can I fall, how can I fall  
When you just won't give me reasons at all  
How can I fall, how can I fall  
When you just won't give me reasons  
When you just won't give me reasons  
How can I fall, how can I fall  
When you just won't give me reasons  
When you just won't give me reasons  
Just won't give me reasons  
Just won't give me reasons at all  
How can I fall, I fall, I fall  
How can I fall for you  
How can I fall, how can I fall  
When you just won't give me reasons  
When you just won't give me reasons
