

# Alone With You

Brenda Lee

To be alone with you  
Oh, just, just we two  
For my, my dream come true  
Is to be alone with you

But, you, oh, you don't know  
What is on, what's on my mind  
For I, I tried to tell you  
For so many, many times

One day I won't be afraid  
I'll tell you I love you so  
And I wonder, darling  
If you will feel the same  
Yes, I can only hope

I'll, I'll, I'll be alone  
Alone with you  
And you're gonna say  
You love me too

Oh, my, my dream come true  
Is just to be alone with you  
Oh, my, my dream come true  
Is to be alone with you
