

Build A Big Fence

Brenda Lee

Gonna build a big fence around my baby hum-hum oh yeah
Gonna build a big fence around my baby hum-hum oh yeah

I like everything that you do why honey that's why I'm in love
with you

Gonna build a big fence around my baby so they can't steal my b
aby from me

I just love the way you sigh and the twinkle in your eye

There will never ever never be anyone else for me

For me (for me) for me (for me for me for me for me)

Gonna build a big fence...

Holy smokes and land sakes alive when he looks at me I get butt
erflies

Gonna build a big fence around my baby so they can't steal my b
aby from me

I just love the way you sigh...

Gonna build a big fence...

I'll gonna build this fence up to the sky just for me and my li
ttle sugar pie

Gonna build a big fence around my baby so they can't steal him
away from me

So they can't steal my baby from me so they can't steal my baby
from me
