

Out In The Cold Again

Brenda Lee

The song that you sang so sweetly,
You called it our love refrain
It's gone and I'm left completely, out in the cold again
I dreamed that our love would linger
But just memories remain
I gaze at a ring less finger,
And I'm out in the cold again.

True, it hurts my pride
To step aside for somebody new
But deep down inside
My whole world depended on you
I wanted your arms around me
To shelter me from the rain
But now I'm back where you found me
Out in the cold again.

Yes, I wanted your arms all around me
To shelter me from the rain
But now, now I'm back where you found me
Out in the cold again, out in the cold again
